04: A few tips: How to build an online career?

In this part, you don't buy the domain and hosting, but you will buy them when you get started in affiliate marketing.

- [Create a free WP blog](#)
- And create an account on Medium.com

So far as I know, the new blogger has no clear guidelines on what to do and what not to do? Here is a list you can develop yourself following them.

Tips 01: During the learning period, you don't find ways of earning money. If you get any offer, skip it. The period is for how to learn only. Otherwise, you can't finish the course.

Tips 02: You read ten articles daily. You write an article and publish it in your free blog and republish it on Medium. And share it with your social media.

Tips 03: You need to be isolated from other engagement such as movies, video games, and spend time with a friend outside your house.

Tips 04: Stop romance, girlfriend, and adult videos or games faster. These are addictive things and time killer.

Tips 06: Spend one hour for promoting your niche pro bloggers' posts on Twitter or Facebook. Please use one of them, but don't use both.

First, find out 100 pro bloggers in your niche target market. You follow them. Then you will get their posts on your home feed.

Tips 07: Your progress, question, your invention idea you share me by mail. Don't come to me with a direct messenger. When I become free, I shall back quickest If I need it.

Tips 08: You don't watch videos or read articles on how to earn money faster and easier? You don't find push-button, auto switch, top-secret or bypass road to earn money online.

Tips 09: You read and write articles during the learning period around your niche topics.

Tips 10: You spend a year for learning. Don't finish the course earlier. Here time is a matter.

05: What is a full-time online career?

The people who have no jobs in BD, they pay attention to online earning sources. BD genius people, the higher educated, and more degree holders are so far from MAKE

MONEY ONLINE scheme. They can't find the precise and concise sure success path.

- [Blogger is a famous online career.](#)
- A successful freelancer can earn decent money.
- And affiliate is a popular online career.

Why do our people not here? First, they don't have a precise guideline to make skills. How to get access to the existing competitive online market? And how to compete with world influencers.

How to build an online career?

School or college students in the USA, Europe, and other rich countries can earn money online from enormous sources.

In contrast, BD postgraduate dedicated people can't earn money online. It needs a solution.

Here is an essential part of online jobs to understand. I explain here who are postgraduate, ready for full-time engagement, and can read and write English well.

Keep reading. Don't make a hurry. I am with you. Right?

5. Instagram

6. Quora and Reddit

Mastering social media is a tough job. Social media is the best platform to build a niche audience.

08: Do you need investment to build an online career?

You need strong professional skills for blogging, affiliate, and digital marketing. You must complete the blogging and writing courses.

For Affiliate marketing, you need a website. To build a website following things you need to buy.

- High-quality domain name
- Hyper super-speed hosting plan
- Premium quality WP theme

Blogging, affiliate marketing, and digital marketing are a business. You should invest as a business capital. You need to invest here as much as it needs.

Blogging is not a 9-5 job where you will get a salary in a month.

It is an online business a way to make money online and make money blogging.

So it needs to invest money. Investment is not a loss, but a business capital. Invest money to earn money later.

Can you earn money online without investment? YES. You can. But you can be online labor.

How to earn money online in Bangladesh without investment?

It is a popular search query in BD. It proves we don't have the interest to be a millionaire or billionaire.

Capital investment is a risky job, and its reward is profit. We don't take a risk. So we don't become a businessman. Labor, online labor, and that is no work – no paid labor.

Blogging is an auto-performing machine to earn money when you are in sleep, a tour, and even a long journey.

Bloggers or affiliate marketers check in the morning how much money increases their accounts. So you need to have a healthy budget to spend money in real places.

09: Has any genuine opportunity, online jobs in BD?

Countless jobs are on the net. You need skills, proven skills that earned from practical experience.

Blogging is Get Rich Business.

Affiliate marketing is the same as blogging.

Copywriting is the most evergreen and passive income source.

Our people are earning money through outsourcing. We have lots of skill hands in outsourcing. A few job categories below I mention.

1. Freelancing
2. Affiliate marketing
3. Freelance writing
4. Outsourcing
5. Affiliate program
6. Google AdSense
7. Paid to click
8. Data entry jobs
9. Online jobs
10. Home jobs
11. Online survey
12. YouTube Adsense
13. Pay per click publishers
14. Remote jobs online
15. Blogging

People earn money online in Bangladesh by typing. Taking surveys and getting paid surveys are simple jobs. Unskilled and no-educated people can do this.

10: How can students make money online in BD 2020?

Over the world, students can earn money online. BD students earn money from home. But they are doing a low-quality job.

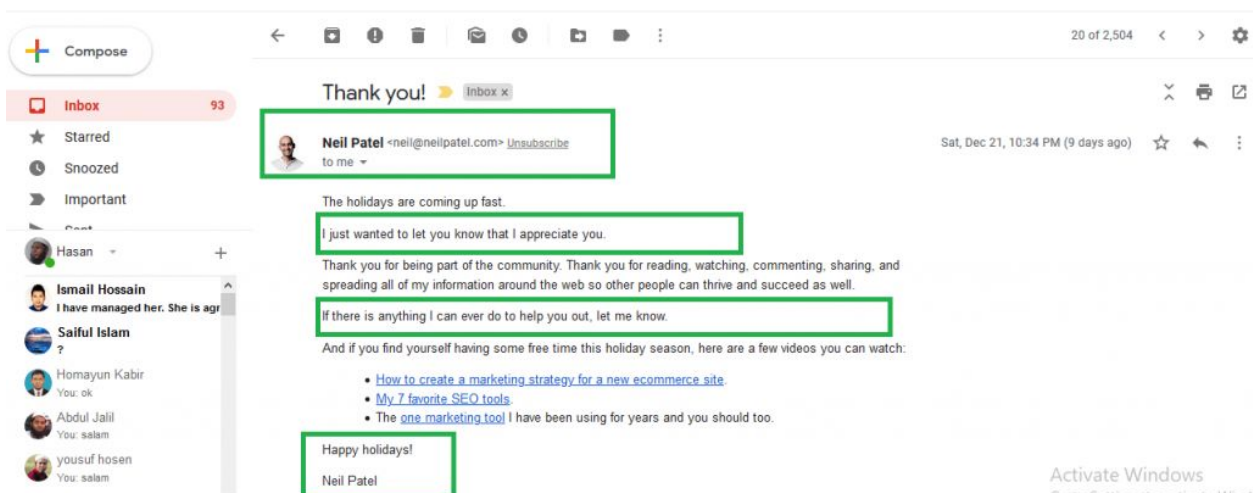

After HSC, our students can choose to Make Money Online as a career. Up to postgraduate, they can learn how to earn. After postgraduate, they can engage in full-time blogging.

When I started blogging, I spent two years learning how to earn money by blogging. I stayed in the house with a closed-door for two years. I spend 12h+ daily.

And I got many sides offers to earn money. I didn't take that offer.

I aimed to earn money blogging only. So I stick with it till now.

So till now, I am at blogging. World-famous bloggers know me by name and face. They send me emails on whether I need help from them.

Neil Patel

In this article, I try to show you how to get access to the online market. How to climb the top of making money online?

You can find different categories for every class of people's jobs or business on the net.

Online income sources in Bangladesh growing easier and faster day by day. BD people enjoy Making Money Online 2020.

11: What are the problems to make money from home in BD?

You need to understand precisely and concisely, why we keep ourselves behind in the online money making scheme.

People think the ways to make money online are simple, with no skills and no efficiency. Searching here and there on Google and YouTube, they learn. To see hassles and face obstacles, they become tired and hopeless.

In contrast, those who are well expert and efficient hand can earn money online in BD.

Our people think they need not invest money in an online income. They search for ways of how to earn money online without investment is an unrealistic mindset.

Spend money as much as it needs. You need to avoid online scammer traps, nothing else.

Simple and labor basis jobs, you don't need English writing skills. But higher-level earning sources you need English reading and writing skills.

In contrast, postgraduate people can earn writing skill is a matter of one month. Read ten articles daily.

Write an article with 2000 words daily. Reading and writing align with your niche are enough to improve the skills.

12: The main take away from the post.

1. Nobody can stand out online without having professional skills.
2. Online earning sources are available on the net. But you need to prove your skills and quality jobs.
3. Full-time players can win **Make Money Online** success. 90% of beginners are failures. Most of them are part-time bloggers and free platform users.
4. You have to overcome worldwide competition. So first learn proven skills, then earn.
5. Nothing to check whether an online job works for you. It works for you if you follow the right business strategies.
6. People learn how to blog by searching from here and there on Google and YouTube. It is just getting simple blogging ideas. They don't complete blogging and writing courses. So they can't measure the full blogging steps and obstacles. They get started blogging when they don't know how to blog.
7. Don't start blogging and writing posts before preparing blog fitness and earn a performance score of 100%. Use the Semrush tool.
8. Finding ways of developing your skills and site performance is your blogging skills. Nothing static here and no fixed guidelines to follow.
9. Nobody can stand out online without having a realistic mindset. You require skills, investment, and efforts to earn money online.
10. Make money online is to live, but not to be Get Rich Overnight scheme.

13: Conclusion:

No doubt, our people are already earning money from online sources. They could take place in world statistical data. But we don't think it is enough to have done. We should have a precise and concise target to achieve the goal.

Here is what I define you to earn money online in BD. We have two weaknesses. One is we have no faith in earning decent money online. We are not ready to spend money to build an online career.

We can't accept a long time for developing skills in courses or training. Thus, we are so far from the root.

A realistic mindset is crucial to be successful. Without pro skills, nobody can stand out in the online crowd market.

Our people take online earning sources as extra pocket money. They don't take it as a life career. So they don't spend more money and time to learn how to earn money from home as a job career.

The kids, teens, and teenagers involved with their studies, but they don't spend time to make money online.
